V. Business

A. Review of current triage tag systems in use

Eddie brought with him the numerous triage tags. Eddie stated he was on the board that reviewed the Stillwater incident. The main problem they had was there was no uniformed triage system. Each service had a different triage tag. Eddie encouraged for each agency to bring their triage tags they use. Eddie would like to take a triage tag system to OTERAC to get the whole State to use the same triage tags. Region 7 and Region 8 have a system that is working well with fire and EMS. Greg suggested any agency bringing in a priority II patient into the metro to have a triage tag.
